Success has to be earned

WE should not forget the leap forward we have taken when we consider the great many changes at the football club since the new season began in August, only four and half months ago.

In regard to our new management team headed by Alan Smith, and complete with a new youth team programme, I believe in any organisation or business that people need time to settle in and ideas time to fit into a system.

It is all too easy to criticise and I have received many letters in that direction which have all been answered, but it is in times when the difficult periods arise that support is needed far more than when success is flowing. I would, therefore, ask you to be patient with all aspects of the football club for I firmly believe that there are a great deal of exciting times ahead.

Our youth development policy, which is very young and which in due course will pay dividends, has required a substantial cash injection and will continue to do so. But I look with envy at the success Alan Smith achieved with Crystal Palace where many young players came through the system and some are now in the England team.

The new stand, as you are aware, has received planning consent and we are currently on the last details to

CHAIRMAN'S CHRISTMAS NOTES

By Ivor Beeks

appoint a contractor to start before the season ends.

It is our wish that the stand will be completed by the start of the 1996/97 season - or as close to that date as possible. Five thousand seats, 20 executive boxes, a new function suite and better access. It is a far cry from the wooden stand at Loakes Park.

We are about to make an application to the National Lottery Fund for help with the training pitch and car park which will provide facilities for six-a-side football, hockey and more community use for young children.

As I have stated, it is an exciting future and one which requires support. Yes, the FA Cup and the Coca-Cola Cup were disappointing, but success has to be earned and I am sure we have the right ingredients to continue the climb of this energetic and ambitious club.

On behalf of the directors we wish you all a very Happy Christmas and New Year and take this opportunity of thanking you for your continued support.

Scheme takes heat off students

AT the start of the 1995/96 season Wycombe Wanderers agreed to participate in Freestyle.

This is Wycombe District Council's new leisure scheme for the community which has replaced the leisure pass scheme. What attracted us to the scheme was that it offered benefits, with additional benefits for those who most need them.

The aim is to bring most of the leisure facilities in Wycombe to everyone at an affordable price. All Freestyle card holders who qualify for higher discounts at Wycombe Wanderers can get £2.50 off the adult entry to all home first team matches and free entry to all Capital League games and youth team matches at Adams Park.

Those who qualify for the higher discount are: i) registered unemployed; ii) registered disabled; iii) YTS trainees; iv) students in full-time education; v) sixth form students and vii) those receiving income support, family credit and housing benefit etc. For full details, call (01494) 446324.

There are currently more than 6,000 Freestyle card holders who all qualify for five per cent discount at Wanderers in Town in the Octagon Shopping Centre. Although this scheme is similar to the leisure pass scheme, the difference is that it gives a discount to students in full-time education and YTS schemes discounted entry to Adams Park at the concessionary rate of £4.50 which is £2.50 less

By Sales and Marketing Manager Mark Austin

than the adult entry fee of £7. I will have been at Adams Park for four years in January, and can honestly say that one of the most common complaints have come from students and parents of students, arguing the case for a discount for sixth formers and full-time students.

Now, in conjunction with the council, the club offer £2.50 off entry to all league and cup matches.

This will encourage students who live in High Wycombe and also students who do not live here permanently to afford to visit Adams Park during term time.

If you are a student or sixth former who has stopped coming because of finances, you can now hopefully afford to see the Blues once again.

On the clubshop side, we are buying a heat transfer machine that will be able to put names and numbers onto shirts, and transfers onto T-shirts and sweatshirts etc. This service will be available from Wanderers in Town from Monday, January 8. We have ordered the same style numbers which are on the first team shirts.

Telly has plum role to play

'Referees' mistakes should be monitored by TV'

TV appears to be ruling our lives and of course this was the reason our recent away match at Carlisle was switched to a Sunday by Carlisle, although both the chairman and I violently objected to this, but to no avail.

We both felt it was unfair on our supporters having to travel on a Sunday with work the next day, but the money of TV unfortunately won the day - with no large amounts involved nor Wycombe earning greatly from the experience.

I am now a firm believer that referees' mistakes should be monitored by TV, as it is in cricket, and I believe it would not hold up the game as much as people expect and would certainly have overridden the linesman's decision against a Carlisle player, who was blatantly offside in our penalty box by two yards. It gave them an early goal after only three minutes' work. A whole week's work had gone into playing for the Carlisle game and we had stayed overnight in a hotel to make sure the players were fresh.

Although I am the first to admit that referees and linesmen are only human, everyone was amazed at the ground that the goal was given and when I watched the replay on TV all the commentators and experts were dumbfounded.

The same applied to our away game at Wrexham last week when we lost the services of Jason Cousins two thirds of the way through the game. If the referee had just been able to see the incident again he

By Manager
Alan Smith

would have realised a mistake was made. With all this modern technology, we must use its resources and a third umpire watching the screen, as I mentioned earlier, as used in cricket, would have saved us a great deal of heartache and costly mistakes would have been avoided. I realise this works in both directions but as TV is having such a big influence anyway, why not use it to get the right result.

Keeping on the TV theme, I must say I am dismayed and disappointed with the attitude of some of the comments being made by clubs in the Endsleigh League Division Two about the split of TV money being 80/20 per cent for the smaller clubs. This is based purely on financial gain and greed and is certainly not good for the overview of football. I sincerely hope the chairmen from the lower leagues will resist the bombastic attitude of some of the members of Division One and that these clubs are not able to steamroller the divisions for this money as it will cause endless problems in the future.

I hope you will notice our youth team are strong in their division and all credit to

them and their coach Neil Smillie. When you consider they spent all of last season near the bottom of the division, this is a wonderful achievement and I am sure they will go from strength to strength.

Our youth system continues to flourish with Jim Melvin looking after our Centres of Excellence. I would like to emphasise how you are very welcome to contact us if you have any enquiries or require further information about the many varied aspects of our community set-up, even if they are not related to playing professional football.

I like working with the players in the mornings at Bisham Abbey. The latter is one of the reasons I came to Wycombe Wanderers. Another reason is that it's a well run ambitious club and I have been given total charge of everything on the football side from the Under-11s to the first team.

To achieve long-term success, my main aim is to concentrate on footballing technique and training to instill confidence in the players. I have changed both the training ground and the training from last season and the players are on new diets as well.

I have my ideas and I believe in them. I like the lads here, and I'd like to think I can get them out of this division. Wycombe have put a lot of trust in me and I'd dearly like to repay that trust.

Part of this article appeared in last Saturday's matchday programme.

THE BLUES NEWS

Bliss should bring us joy

'Boss has made a shrewd acquisition'

WITH a very busy schedule of games ahead of us, the boss has made a very shrewd acquisition in persuading Gary Blissett to join the club on a month's loan from Wimbledon.

CAPTAIN'S LOG
By Terry Evans

I have known Bliss for many years from our days together at Brentford. He was our sole man up front at Wrexham for the majority of the game and led the line very well. He was ever-present in Brentford's Division Two championship season – not only scoring plenty of goals but working closely with Dean Holdsworth to create many of his final total.

For what it is worth, I felt Bliss was the better player and still cannot understand why he only ever managed to break into Wimbledon's first team when there were injuries to other players.

With football continuing to be played at a much faster pace, it is not always easy for the referee to get every decision correct.

As a player working with these officials I do understand this and generally try to give them the benefit of the doubt. But the sending off of Jason Cousins at Wrexham was, in my opinion, quite unbelievable, especially after watching the incident again on TV.

In my view, it cost us the game. I did, however, feel

that a great deal of credit should be given to the lads for the way they played for the remainder of the game. Our keeper was put under little pressure and, even down to ten men, we created enough chances to win. The team spirit and attitude was very good. The heads did not drop and if we can continue in this way I feel confident that we will again start to dominate games as we did last season.

At the time of writing we are still well-placed in the league.

I enjoy the quick succession of games at this time of the year which many consider as the period when stronger teams start to pull away from the rest.

I can confirm that the lads are very well-disciplined so we will not be stuffing ourselves with food and drink but hopefully all our supporters will.

We will try our very best to give you a good Christmas and on behalf of all the lads I would like to wish you a very happy New Year.

EXTRA TIME FOR YELLOW KIT

WYCOMBE Wanderers will auction all the current yellow players' shirts to celebrate extending the life of the yellow kit.

The kit will be used for away fixtures during the 1996/97 season.

The auction will be in the format of a blind auction and will take place during the next four weeks.

All written bids have to be submitted by no later than 3pm on Saturday, January 13, 1996 when Wycombe Wanderers take on Notts County at Adams Park.

There will be 15 shirts auctioned in total.

These will consist of a goalkeeper's shirt worn by Paul Hyde and all the actual players' outfield shirts, numbered two to 15. They are short sleeved in yellow with navy trim, white numbers, and two Endsleigh Insurance League badges.

The blind auction format means that anyone wishing to make a bid for a particular shirt(s) can do so by filling in the form accompanying this article.

The bidder MUST NOT enclose any money with the submitted bid and payment will only be requested from successful bidders.

Anyone wishing to make a bid for any of the first team yellow shirts should fill out the application form below and submit either by post to: Yellow Kit Auction, Wycombe Wanderers Football Club, FREEPOST, High Wycombe, Bucks, HP12 4HJ, or drop it into the Commercial Offices by hand.

Model army: Blues' players, wearing the strip which will be auctioned off, applaud their fans

Tickets on sale for festive fare

TICKETS for Wycombe's match against Swindon on Boxing Day will be available from the commercial office during normal office hours until 4.30pm today (Friday, December 22).

Seat prices are £10 adults, £6 OAPs and juniors under 16.

Swindon Town's County Ground is all-seater and the tickets available from Adams Park are in the covered area. There will be tickets available on the day at Swindon but these will be in the uncovered section.

It must be stressed that this Boxing Day fixture is NOT an all-ticket match.

Pick your main man

Fanzine favourite: The Adams Family have sponsored Gary Patterson

THERE is still a chance for supporters to sponsor their favourite Wycombe player.

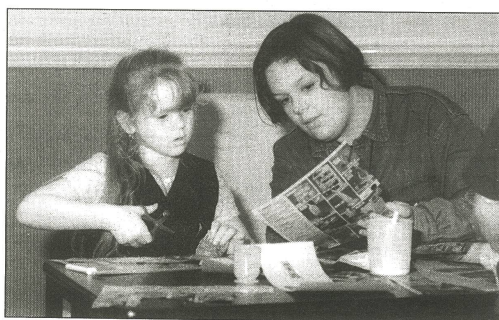

The 'Mark Your Man' package includes: tickets for two people for a special presentation evening with the first team squad and management (buffet meal included); each sponsor to receive their player's team shirt; each sponsor to receive an official signed Wycombe Wanderers football; regular acknowledgement in the matchday programme, Blues News and on the PA.

This is a great chance to join the club and support it in a very special way. The scheme also has the advantage of being attractive to companies wishing to earn that little bit of value-added publicity.

For more information on the package and prices, contact Tim Arnold at Adams Park on (01494) 472100

Holland Group join the team

WYCOMBE Wanderers first became involved with the Holland Group Ltd before the start of the 1995/96 season by signing a deal with the United Kenning Rental Group to supply two Rover vehicles - one for Jim Melvin our youth development officer and one for David Jones our sports therapist.

Holland Group Ltd is a family business headed by Michael Holland and supported by a strong team committed to providing 'a service second to none'.

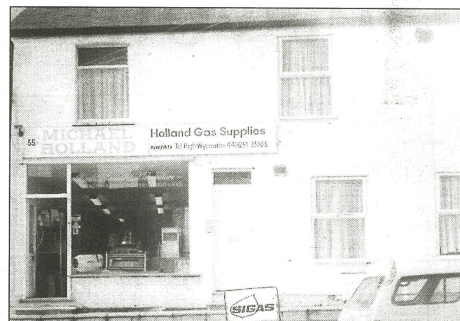

Many locals will remember the Old Muffin Shop in Dashwood Avenue, High Wycombe, where Michael first started up in business in 1980. From these premises he sold second-hand furniture and started Holland Gas Supplies in 1981.

Since then, Michael and his brother Phillip have grown into other fields.

The amazing thing about Michael was that he had never been to a football match until he came to Adams Park earlier this season. He soon got hooked by the special family atmosphere at Adams Park, and now comes regularly with his own family. Phillip is now also a keen supporter and together they have both given tremendous support to the club in terms of sponsorship and helping out with hire cars for players at only a moment's notice.

Wycombe Wanderers are extremely fortunate to have many sponsors like the Holland Group who know the secret of long-term success in business - give and take - in other words, a partnership between supplier and customer.

United Car and Van Rental are the local United Kenning Rental Group dealers, ideally located near Adams Park in Desborough Park Road, High Wycombe. Holland Group Ltd can now be described as a five-star company, having five separate businesses which are all

Home base: Michael Holland's shop in Dashwood Avenue

located at Phoenix House, Desborough Park Road, High Wycombe.

Each aims to be a shining star in its own field.

These five star businesses are:

● **Holland Gas Supplies** - Distributors of liquefied petroleum gas, suppliers of cabinet heaters, gas for fork lift trucks, roofing contractors, bulk gas tanks, cylinder installations for homes without the room for a bulk tank.

Holland Gas Supplies are your local FLO GAS supplier, so don't be left in the cold this winter. Telephone (01494) 450777.

● **United Kenning Car and Van Rental** - From a Mini to a Mercedes, from an Escort Van to a Transit Luton. As part of United Kenning, United Car and Van Rental are, in effect, a national company with a local service. Big enough to offer unbeatable rental prices, but small enough to care. Telephone (01494) 463346.

● **Wycombe Welding Supplies** - BOC gases, all welding equipment and consumables, welding machines. BOC gases' cylinders all comply with the design standard, approval and certification requirements of the Pressure Systems and Transportable Gas

Containers Regulations 1989. Telephone (01494) 459369.

● **Allhire Centres** - The one-stop shop for all your tool hire needs. A wide range of essential tools always available. These include access towers, concrete mixers, drills, dryers, floodlights, ladders, metal cutters, pumps, rotavators, sanders, spray guns, trailers, vacuum cleaners and welders etc. Telephone (01494) 459369.

● **Universal Energy** - Representatives from Northern Electric Gas and Electricity - currently offering a free television with every new contract signed. You have to spend in the region of £300 a quarter on gas to qualify. Anyone who signs up for a minimum of 12 months' gas contract will get this bonus of being given a remote control colour television set. Telephone (01494) 450777.

Free signed Wycombe Wanderers Footballs for new accounts: The Holland Group of Companies Ltd is offering it's first 20 new active accounts in any of their trading business, which are listed above, an official Wycombe Wanderers football signed by the first team squad. This offer commences today (Friday, December 22) and will last until all 20 balls have been given away to the new account holders.

THE BLUES NEWS

No Blues please, it's not too bad

WITH the construction of a magnificent new stand about to start, the first team well placed for a promotion push, and both the reserve and youth teams riding high in their respective leagues, Wycombe Wanderers can look forward to 1996 with real optimism.

It would be foolish to pretend that everything in the garden is rosy, but we have every reason to take a positive view of the club's immediate future. Considering the inevitable upheaval which followed a change of management in the summer, I think we've made remarkable progress in just six months.

During the next six months we'll see a transformation taking place at Adams Park both on and off the field. Work will begin very soon on the building of the new stand and work is already underway on the rebuilding of the squad. Neither project will be completed without a few setbacks, but we'll get it right in the end and I believe that we'll all reap the benefits.

The new south stand is an exciting project. I'm sure most of you will have seen the plans and - hopefully - approved of what you saw. It will enhance the facilities at Adams Park to a degree that none of us could ever have dreamed of when we first moved to the stadium only five years ago.

On the field, I am particularly thrilled at the progress made by the youth team. Don't forget, we didn't have any apprentice professionals at the club until this season and Neil Smilie, Jim Melvin and the lads have done wonders in such a short period of time.

The reserves continue to be a major force in the Capital League despite the fact that David Kemp has never been able to field the same line up in successive games. Many of the youth team have gained valuable experience in this higher standard of football and the results have been very encouraging.

While all these factors help to paint a positive picture of our prospects for the New Year, it is, of course, the results and performances of the first team that really matter. That's what makes the turnstiles click and holds the key to our immediate future.

I know that many of you have been disappointed in the team's displays at Adams Park this season. Certainly, too many games have been drawn and the team have rarely been able to produce their best form. It is something that the players and coaching staff work hard at every week on the training ground.

But these things don't come right overnight and I would once again remind you that we have been without the services of key players for long periods - an excuse, I know, but a very valid one. You can't remove players of the calibre of Terry Evans, Keith Ryan and Simon Stapleton without it having an adverse effect.

I have heard criticisms of our style of play this season. It is not my job as a director to comment on the manager's playing philosophy, but all I will say is this - I didn't hear many moans about the style of play coming back from Bradford or Oxford.

Following an earlier article for Blues News, I received many letters and some were published in a previous edition. One letter arrived too late for publication and I print some extracts from it below. The writer is a keen fan and

By Wanderers Director Alan Parry

season ticket holder and here's what he wrote: "I am getting increasingly aggravated by some Wycombe fans. When I first started watching the Blues I thought the fans were great, but this was probably because we were winning most weeks. Now I think a large minority are spoilt with success."

"It's no coincidence that our away form is better than our home form. How often have you felt embarrassed when the away contingent at Adams Park out-sing the home fans? I've always hated the need to find a 'whipping boy' to crucify every week, no matter how he plays. We all have our favourites and I could never understand why Martin O'Neill picked Simon Stapleton so often. But my attitude was - he's the manager and he must see something I don't, so give the player the benefit of the doubt."

"Wycombe fans are the worst I've known in this respect. I remember when Steve Guppy used to get 'stick' regularly and even Dave Carroll, one of the most consistent and skilful members of the team. Now it's John Williams. They chastise the poor man every time he makes a mistake, but conveniently ignore anything he does well. I remember Steve Brown getting the same treatment when he first arrived."

He showed amazing courage and resilience to prove them wrong and went on to become player of the year. I've detected at recent games that even Miguel Desouza is starting to get 'stick'. It seems that 17 goals in 26 games is just not good enough.

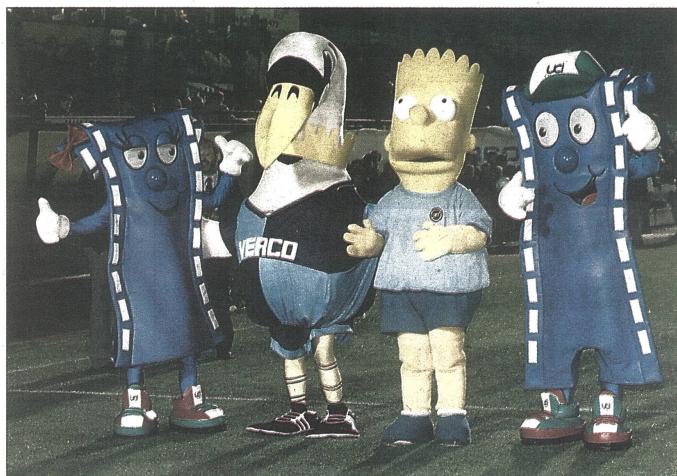

"There is often a pessimistic attitude and the atmosphere this season has been very gloomy. You'd think that Wycombe were in the bottom four looking at the fans' faces! With the new stand about to be built and team doing as well as ever, you'd expect the place to be buzzing with excitement - but, sadly, it isn't. Some fans have been spoilt and now take it all for granted. I must admit that I felt gloomy when Martin O'Neill left and I didn't share the optimism surrounding Alan Smith's appointment. But I'm glad to admit that I was wrong on that one."

"The spoilt-with-success syndrome was cured at other clubs by a sharp dose of relegation. Nottingham Forest supporters quickly rallied around after a season in the First Division. They learned to appreciate what they'd lost. Let's hope that Wycombe fans somehow find some other cure."

The writer did supply his name and address. It was my decision not to publish it because of his controversial views. Is his description of some Wycombe fans fair? Have we really been spoilt by success?

Personally I don't agree with everything my correspondent had to say, but he made some very valid points. I wholeheartedly agree with him on one issue.

Let's be more positive about what we've got here. We're in a lot better shape than many clubs and the future will be bright if we rally to the cause.
