

BREMER RESIGNS!

Bernie chases first team soccer at K's

BERNIE BREMER lined up for his debut with Kingstonsians at Hayes last night after quitting the Wycombe Wanderers squad before Saturday's match at Bishops Stortford.

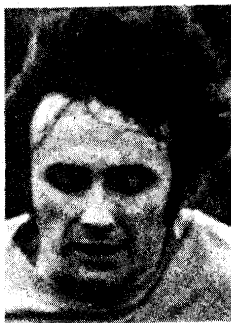

The tall, powerful striker signed from Wealdstone before the start of the victorious 1970-71 championship campaign, spent much of the early weeks of this season on the substitutes' bench. He leaves to find regular first team football, and was placed straight into a K's side reshuffled after a disastrous 6-1 defeat at Enfield. Kingstonsian drew 1-1 with Bernie settling down well.

The Surrey club, with ex-Wycombe player Iain MacLean already on their books, applied for Bernie's release at the weekend. But Bremer first made his decision to quit the Blues after being omitted from the team against Hayes the previous Monday.

His last full appearance for the club was against Hitchin, when he failed to score in the 4-0 win. Dropped to substitute again in the Cup match at Maidenhead, he took the field for only 17 minutes at the end.

His switch comes as only a faint surprise. Unable to claim a regular place in the team, Bremer had been the subject of speculation for several weeks.

Wycombe are due to visit Kingstonsian on Saturday, October 9. ● Bremer's record this season was played 3, sub (used) 4, sub (not used) 1, goals 2 (1 header).

HENDON HOME

WHILE Wycombe meet Oxford tonight (Tuesday) their nearest rivals, Hendon, are at home to Leytonstone and Sutton United visit Woking. Enfield are without a fixture on Tuesday.

Holifield to face former colleagues?

DESPITE receiving several knocks and bruises at Bishops Stortford, Mick Holifield is expected to pass fit for consideration tonight (Tuesday, 7.30 p.m.), when Wycombe Wanderers entertain his former club, Oxford City, in the Isthmian League.

But the forceful young forward, who replaced Tony Horseman after the Maidenhead game, will again be vying with "Bodger" for the number ten shirt unless a general reshuffle occurs. Horseman, unavailable on Saturday, is due back into the squad tonight.

A question mark hovers over full-back, Chris Austin. He injured ligaments at training last Thursday.

● Andy Williams, Enfield goalkeeper and brother of Wanderers' midfield-cum-defender Robb Williams, is named among the star-studded Isthmian League Representative XI being sent to Loakes Park on Tuesday, October 5.

Wycombe have decided to print a special souvenir programme for the match in which they will be playing as 1970-71 champions against the Rest of the League.
