

Cash quiz for Blues

ATTEMPTS are still being made by Wycombe District Council to find out how Wycombe Wanderers Football Club spends the proceeds of its lottery takings.

Members of the recreation and amenities committee are concerned that the club is about to become a limited company and should therefore be charged for standing its lottery ticket kiosk on Frogmoor.

On Wednesday the committee was told that the club had replied to enquiries saying that the lottery proceeds are used "for the survival of Wycombe Wanderers". The club as yet is not a limited company.

Councillor Roger Hook said: "This is not the answer we wanted at all. It might become a limited company next week. Survival, fine, but they may be putting in a bid for half the England team!"

Councillor Richard Holt suggested: "In view of the inadequate information, following a reasonable request, we should seriously consider terminating the contract at the end of its time."

Members had been told that the lottery proceeds would be used for providing facilities, possibly including showers which could be used by nurses at Wycombe General Hospital, next to the club's ground.

Wycombe Wanderers still have a month to run on their lottery kiosk in Frogmoor.
