

Larry Pritchard receives silver goblets and a tray from Wycombe vice-chairman Brian Lee and Sutton chairman Peter Molloy before Saturday's F.A. Trophy match.

Pritchard's prize

LARRY Pritchard celebrated 20 years in senior non-league football last week and to mark the event, there was a special presentation before Saturday's F.A. Trophy tie between Wycombe Wanderers and Sutton United.

Pritchard, currently Sutton's mid-field player but a Wycombe star of the early 1970s, received four goblets and a silver tray to a large ovation from the crowd at Gander Green Lane.

The two clubs had joined together to buy this gift and the presentation was made by Brian Lee, vice-chairman of Wycombe, and Sutton chairman Peter Molloy.

It was a good day for Pritchard who finished on the winning side, and with a home tie against Bedford in the next round, Sutton must have high hopes of celebrating possibly his final season with a trip to Wembley.

No club would be more pleased than Wycombe, whose fans still have a great respect for the veteran mid-field general.
