

Spotlight on Wycombe's FA Cup draw

Blues face Cup winning keeper

WYCOMBE Wanderers will be facing an F.A. Cup winning goalkeeper when they visit Witney Town in the fourth qualifying round of this year's competition on Saturday week.

Ian Turner, the man between the posts for Southampton when they defeated Manchester United in the 1976 final, joined Witney at the start of this season.

Wilf Tranter, manager of the Southern League North Division Club, signed Turner on for nothing after he had been given a free transfer by Walsall a couple of months ago.

Wanderers have acquired the habit of meeting top goalkeepers in the F.A. Cup during the past few years. Last season it was Jim Cumbes of Worcester

and before that Dickie Guy of Maidstone.

With Turner in the side Witney are placed fifth in the North Division and have beaten Didcot 3-0, Southall 4-1 and Wokingham 2-0 to reach this stage of the cup.

All Witney's ties have been at home — much to Wycombe's chagrin. Mike Keen bemoaned his side's luck with the draw but

pointed out that they had beaten Worcester after a replay last year.

Wanderers' immediate task is to beat a rejuvenated Carshalton Athletic in a league match at Loakes Park tomorrow (Saturday). Athletic may be well adrift at the bottom of the table but they are unbeaten in four matches since ex-Slough boss Laurie

Churchill took over earlier this month.

Wycombe will be trying to end a run of three successive draws. The last of these was at Harlow on Saturday, when Bob Dell scored their goal in the 1-1 scoreline. Tuesday's match at Staines was postponed because of a waterlogged pitch.

Terry Glynn and Gary Lester are expected to be

fit, while George Borg seems certain to make his much belated first senior team appearance of the season.

Big centre-half Anton Vircavs started training last night after his recent leg injury.
