

Long unbeaten run

WYCOMBE'S victory over Bishop's Stortford extended their unbeaten run to 13 league and cup games, and also cut Sutton's lead at the top of the table to eight points.

Their last defeat of any kind came on September 15, when they were beaten 2-1 at Woking, despite forcing more than 20 corners.

Tonight (Tuesday) it is Woking's turn to visit Loakes Park for the return fixture.

Bobby Davies is doubtful because of an ankle injury and

this could signal the return to Wycombe first team duty of Anton Vircavs, now that he has regained match fitness following a leg injury. Paul Birdseye might have to wait longer for his return.

Wanderers will now travel to Harrow next Monday. This replaces the scheduled visit to Hendon the following night, which has been postponed due to the clubs meeting in the FA Cup first round tie only four days later. This was agreed to by the Isthmian League, whose popular treasurer Vic Gurling died last week.
