

Way on loan to Carshalton

WYCOMBE'S reserve goalkeeper Chris Way, who started off the season in the first team, has been loaned for a month to Carshalton Athletic, the bottom team in the Berger Isthmian League Premier Division.

Way, unhappy at playing in reserve team football after losing his place to in-form Gary Lester, made his debut for Athletic last Saturday, in their 3-1 defeat by Hendon.

Another player to have left Loakes Park is reserve mid-field player Andy Harman, who has returned to Holmer Green, from whence he came at the start of the season.

He played a number of first team games for the club, but because of studies now feels he is unable to spare the time to train twice a week.

Anton Vircavs, the big de-

fender, is fighting his way back to fitness after a leg injury. He has played a number of games in the Reserves and it will not be long before he returns to first team duty.

Ankle injury

It could come tomorrow (Saturday) when Wycombe entertain Dulwich Hamlet — their third home Isthmian League match in succession. If he plays, Steve Toll could move to right back and Jimmy Jacobs into mid-field, where he could be a big asset.

But there is a doubt about sweeper Bob Davies, who has been troubled by an ankle injury in recent weeks. Another defender Paul Birdseye is recovering gradually from his pulled groin muscle.

Manager Mike Keen must be hoping he can get everybody fit in time for the F.A.

Cup first round tie at Hendon on Saturday week. It could be quite a clash considering that Wanderers have not lost for 14 games, while Hendon boast an unbeaten run stretching back 11 games.

The teams now will not be meeting twice next week. The league match between the clubs, scheduled for Tuesday, has been postponed. Instead Wanderers will travel to Harrow on Monday night.

Peter Suddaby, the former Wycombe Wanderers defender, who has just joined Wimbledon, popped in to Loakes Park to watch the Blues 2-1 victory over F.A. Trophy holders Bishop's Stortford — goals came from Steve Long and Terry Glynn.

The tongues started wagging but Suddaby, who recently left Brighton, was injured and was in the area because his girl friend — one of the Nolan Sisters — appeared on stage in Slough that evening.
