

Fixtures problem

WYCOMBE have written to the Isthmian League in the "strongest possible terms" about their fixtures list for the coming season.

The league has put the club in the extraordinary position of being asked to play both matches against South Coast side Bognor Regis in midweek, while facing near rivals Slough on Saturdays.

Club Secretary John Goldsworthy said Blues had written to the league, and while accepting this season's list could not be changed, hoped it would be noted in future years.

Both matches over the Christmas and New Year period will be against Harrow Borough, while Wycombe are due to end their campaign on May 2 with a trip to Bishops Cleeve.
