

Isthmians £25,000 boost

WYCOMBE Wanderers and Chesham United will be playing the rest of the season in the Servowarm Isthmian League, following a major sponsorship agreement announced last week.

Servowarm, who claim to be the country's largest installers of gas central heating systems, will sponsor the league to the tune of £30,000 for the rest of the season.

The league itself is expected to benefit to the tune of £25,000 — a major boost for the Isthmians following the withdrawal of Berger Paints at the end of last season.

About £12,000 will be divided between clubs finishing in the top five in each division, and £6,500 is being

provided as an incentive for brighter football. Finally separate sums of £3,000 will go towards both the Youth Cup and League's administration expenses.

Premier Division champions will receive £2,500, going down to £250 for fifth spot. Teams winning by four goals in the Premier get £100, while the side in that division with the best disciplinary record, will receive a sportsmanship bonus of £500.

This will be based on fewest disciplinary points, one point for a caution, five or three points for dismissal.

Servowarm have so far undertaken sponsorship for one year, but expect to continue the scheme for 1983-84 and beyond.
