

HENRY PACQUETTE . . . hoping for goals.

Crowd-pleaser!

HENRY Pacquette, Wycombe's new signing from Slough, is certainly a crowd pleaser if his debut against Tooting and Mitcham is any guide.

His direct running and close control had the fans cheering and he seemed pleased with the experience.

"I really enjoyed the crowds being behind me. I made a couple of mistakes but they didn't seem to mind. Now I hope the goals will come," said the 26 year old.

Pacquette, born in Dominica, played for Hendon, Borehamwood and Wembley before joining Slough at the start of the season.

He has a slight reputation for being injury prone and admitted he had problems with weak ankles. But he looked fit enough on Saturday.

Manager Mike Keen said: "Considering it was only his first game I thought he fitted in well. Let's hope he will be able to spark the players around him."
