

WYCOMBE Wanderers reserve team boss Alan Ackrell has appealed to teachers and P.E. instructors to recommend youngsters for the reserve squad.

"We are looking for players between 16-18 with obvious talent," said Ackrell who has already fielded several teenagers this season.

"We have standards to keep at Wycombe and we must continue to bring through good young players. Any teachers who think they have such boys in the school team should get in touch with me. We are always prepared to look at them and give them a chance if we think they might measure up."
