

Problems mount on fixture front

FIXTURE problems are mounting for Wycombe!

Blues are unable to play either their Hitachi Cup match against Bishops Stortford or the scheduled league match against Hayes at Loakes Park on Tuesday night.

Hayes are involved in an FA Trophy replay with Sutton and Stortford have to play their Trophy match against Billericay on the same night after a postponement on Saturday.

Wycombe have fixed up a friendly at Walton and Hersham on Tuesday evening, when Anton Vircavs will get a 90 minute run-out.

But manager Paul Bence would rather have played one of the other matches, as Blues are slipping behind with their league games.

Attractive

The Wycombe boss was disappointed with his team's performance against Bognor — and also with the state of the pitch.

"The heavy pitch stopped what could have been a very attractive game," claimed Bence.

"But in saying that it was the same for both teams and we did not play as we can."

Apart from Tuesday's friendly, Wycombe are out of action now until Boxing Day

when they take on Wokingham at Loakes Park.

Ken is back

KEN Hawthorn was back in a Burnham shirt on Saturday — 12 years after his last game for the club! Hawthorn, 36, played for Burnham when they were in the Hellenic League but moved out of the area. On Saturday he helped the Reserves beat Dunstable Reserves 2-0 in the Middlesex Border League.

Friendly clash

BURNHAM travel to Oxford City tonight (Tuesday) for a midweek friendly against the Isthmian League club. Kick-off is 7.30pm.

Striker Steve Long is rewarded for a string of excellent performances by being presented with the November Player of the Month award from chairman Brian Lee.
