

Manager tells Blues —

'We need all six points'

BLUES boss Paul Bence was this week left reflecting on the irony that his old club Wokingham could prevent him from taking Wycombe into the Gola League.

Last Thursday's crushing 3-1 defeat by Hendon at Loakes Park has let in Wokingham with the chance of snatching third spot from under Bence's nose.

"We blew it on Thursday night," said the dejected Bence. "There were chances early on, which we didn't take, and then we presented Hendon with a sloppy goal. A mistake by Gary Lester gave them a second and a lucky deflection did us in.

"On Saturday we took the chances that came and the result went our way," he said. "Now we have to concentrate on winning at home against

Harrow tonight (Tuesday) and Croydon on Thursday.

Difficult

"Both are difficult sides to beat but if we want to get into the Gola League we must take a maximum six points," he added.

"Then we will have to wait to see how the other clubs get on. I always knew Wokingham would do well but it would be ironic if they squeeze us into fourth place!"

Wycombe reject Steve Long is expected to be included in

tonight's Harrow line-up while Blues might be faced with the loss of central defender Anton Vircavs who re-opened a leg wound against Dulwich on Saturday.

Confident

Bence is confident that both Simon Read and Kenny Wilson will return to the side after missing the Dulwich game — Read through illness and Wilson because of a knee problem.

"We need to lift ourselves for the final week which ends with the two-leg Hitachi Cup final against Farnborough Town," said Bence, who was impressed by Farnborough's 3-0 mauling of Chesham last week.

"They are a tidy, disciplined side who should do well in the Premier Division next season.

"They try and play football so it has the makings of an entertaining final with a grandstand finish at Loakes Park," he added.
