

Result consoles a glum Bence

FANS at Dagenham on Saturday saw the other side of the Gola League.

That was the opinion of a disappointed, but guarded, Wycombe boss Paul Bence after his side had drawn at Victoria Road.

"It was a very disappointing match, following our previous four Gola games which provided full value for money and entertainment," explained Bence.

"We did not play very much football, but I suppose the consolation is that in

playing badly we still got a draw.

"Dagenham certainly showed us the other side of the Gola League.

"I don't want to dwell on this or over-publicise the events, because that is not what will bring fans back.

"But I saw three punches thrown which escaped punishment."

Bence was critical of the refereeing, which "was not of the standard you would expect from the Gola League".

He was also unimpressed by the pitch, which he described as "very bumpy".
