

Back to Barnet

WYCOMBE start their FA Trophy campaign at the ground where they scored their first ever Gola League win.

This week's first round draw threw Paul Bence's men together with Barnet.

Blues gained their first Gola points back in August when they defeated Barnet 1-0 thanks to a penalty from Declan Link.

But it needed a magnificent penalty save from Gary Lester five minutes from time to seal the momentous victory.

Manager Bence is all too aware of the challenge facing his men on December 21.

"Obviously it will be very difficult over there," he confessed.

"But we have won there before so there is no reason why we can't do so again."

Fringe player Martin Snow could be leaving Loakes Park.

Snow is believed to have had talks with Windsor and Eton and if arrangements are worked out Bence would not stand in the player's way.
