

Wycombe quiz League over postponement

WYCOMBE Wanderers are to write to the Vauxhall-Opel League in a bid to clarify an 'unwritten ruling' which has left them without a game tonight (Tuesday).

Blues were due to entertain Wokingham in a Premier Division clash at Loakes Park.

But late last week the club heard that the match had been postponed.

Wokingham have been instructed to meet St Albans in an AC Delco Cup first round replay on that night.

Wycombe officials are understandably perplexed at a League Cup match being given preference over a League fixture.

"There is nothing in the rules which says that League Cup games should take priority over a League fixture," revealed Blues secretary John Goldsworthy.

"The only games which do so are FA Cup, FA Trophy and Senior Cup ties.

"The Vauxhall League fixtures secretary said that it has always been a sort of unwritten ruling that League Cup replays, are given preference.

"All we want is clarification of the rules.

"We want the League to firmly establish, in writing, what has priority.

"I firmly believe that there should be no unnecessary obstacles put in the way of the League programme."

Blues failed to fix up a Capital League match to replace the Wokingham fixture because of the short notice.

The postponed match has been rescheduled for Tuesday, December 2.
