

“Sorry fans!” — Gane

WYCOMBE chief Alan Gane was at a loss to explain his side's below par performance in Saturday's 1-1 derby draw.

“We were very lethargic and I don't understand why,” he said. “I didn't want to change the team after they had played so well in the second half against Windsor last Tuesday.

“But we were very disappointing against Slough. Having said that we created enough chances to win the game and that was encouraging.

“I'm just sorry for the fans. We never seem to do well when there is a big crowd and I'm disappointed for them.”

Gane praised Slough for their positive attitude on Saturday.

“They were keyed up for the match and they looked sharp,” he said. “Obviously we were looking to win it but overall a draw was a fair result.

Killer touch

“We had a long chat about our display afterwards and the lads are keen to get back to form at Tooting on Saturday.”

Slough manager Alan Davies admitted they must now rely on Wycombe slipping up if they are to stand any chance of landing the league title.

“We have to keep going and hope they make mistakes,” he said. “But they've been top all

season and handled the pressure well. If we don't catch Wycombe we are determined to finish second.

“We played quite well on Saturday but lacked the killer touch on occasions. We needed to win to put the pressure on them but it was a fair result.”

Mark West, left out of the squad on Saturday, gets the chance to stake a claim for a first team recall tonight when Wycombe meet Wealdstone in the Capital league at Loakes Park.

Back-up keeper Steve Curry, new signing Steve Norman, striker Steve Moore, Dave Burgess, Kevin Day and Richard Price are also expected to be given a run out.
