Striker wins praise

AS WELL as winning the support of the Wycombe fans, Mark West also won the praise of boss Alan Gane.

"We needed to settle down and we knew a goal would have done it. That's what happened when Mark put the penalty away.

"It was a great penalty and he nearly scored again," said Gane.

"I couldn't understand their penalty. I don't know why

their man decided to take the kick himself after just getting up off the floor in agony."

Gane also heaped praise on his back four.

"All of them did well and Kevin Dwyer had a good game," he said. "Carshalton were trying to spoil the game especially in the conditions, but they always looked dangerous on the break.

"They should have taken their chances in the first half but then again so should we".
