Dear Philip,

At the beginning of the season and again at the Leagueline launches, I made it clear, on behalf of the Board of Directors, that our objective was to regain our place in the GM Conference and ultimately aspire to Football League status.

The Club accepted the challenge and the players have achieved the first objective by winning the Isthmian League Championship. Throughout the nine month period the team has performed consistently, enduring various, and often disturbing, conditions and thoroughly deserve the title "Champions".

The team have headed the League table from the first game to the last except for a two week period in September, an outstanding achievement at any level of football. Your own part in this success has been very much appreciated by all those connected with the Club.

All successful Clubs have a good back up team off the field supporting that on the field. Perhaps it is sometimes not very clear how your contribution has helped towards achieving the objective of promotion. Let me assure you that your contribution has been significant and has been appreciated.

The Board of Directors are mindful of everyones contribution and in wanting me to offer their congratulations to you, hope that you will be able to continue to support the team in the same excellent manner in the new challenging season in the GM Conference.

You have helped to give a lot of people a lot of pleasure.

Well done.

Yours sincerely,
Alan
