

Gane returns to manage Staines

By Brian Stater

ALAN GANE, who last season was among the most successful managers in non-League soccer, has taken on a new challenge at struggling Staines Town.

Mr Gane, 37, led Wycombe Wanderers to the Vauxhall-Opel League championship with 101 points, but left shortly before the start of the new season and has opted to return to Staines for whom he played more than 100 times.

He said: "The club haven't had a good start—we've just recorded our first win of the season—and one of the differences from Wycombe is that at Staines a win isn't expected. It comes as a nice bonus.

"But Staines produce many excellent youngsters and I am convinced the club has the potential to become extremely successful."
