

DOC'S DIARY

Bobby Docherty

I WAS very pleased with our victory against Wycombe Wanderers ten days ago, and even more so with our win at Kettering Town on Saturday. The players have bounced back magnificently from our FA Cup defeat against Wigan Athletic.

The victories have given us the chance of establishing a run in the League, and for the first time in many weeks we have a fully fit squad to choose from, apart from long term absentee Martin Hanchard.

I was sorry to lose Bobby Coy and Adrian Mann, who both wanted to stay in the Football League, and the same applies to Jimmy Collins. All three did a good job in their short time with the club.

I'm looking forward to tonight's game with Horwich and hope that we can make further progress in the competition. We haven't really played very well in it so far, yet we are already approaching the final stages.
