

Rowan in Regis rumour

HEARD the one about Dave Regis going to Wycombe Wanderers and Rowan Dodds returning to Windsor?

It seems that there's a new rumour about Royals centre forward Regis every week and manager John Clements explained how the latest one came about.

"I spoke to (assistant manager) John Reardon the other week about Rowan. The point is that at some stage a club is going to come in with a good offer for Regis.

"We are going to have to replace him sometime. Wycombe simply said not to rule them out of being interested when the time comes."

Clements still believes Regis is good enough to attract an offer from Football League club and Bournemouth had a scout at Stag Meadow on Saturday.

"He didn't do himself any favours on Saturday," said Clements. "He was playing with a badly swollen ankle."
