BLUES warmed up for their end-of-season tour to Portugal with a 3-2 win over Northwich Victoria in the last Conference match.

After a couple of mediocre results it was a good end to the season as Blues fought back from a 2-1 half time deficit.

The sunshine football warmed the Blues' faithful who had travelled to Cheshire.

The win left Wycombe in fourth place in the final Conference table with 71 points from 40 games — 13 points behind champions Maidstone United.

With John Kerr already winging his way to the States, boss John Kelsey was forced to reshuffle the side and Andy Kerr moved to an unaccustomed centre forward's position.

Obliged

Andy Russell teamed up with big Glyn Creaser at the back and Sean Norman adopted a sweeper's role.

It was Creaser who gave the Blues the lead when he powered home a free kick from Andy Robinson with his head.

But Northwich struck back with a stellar goal by Parker when he took the lead. Then Danskin controlled a difficult ball and shot past Granville.

Martin Blackler took the game by the scruff

of the neck after half-time and caused problems with his foraging runs. Indeed, he nearly clinched the equaliser before Mark West obliged with his 31st goal of the season.

It came from an enormous Granville goal kick. West controlled the bounce and fired home.

It was all over when Andy Russell celebrated his first game in a Wycombe shirt by hammering home a close range shot from another Andy Robinson free kick.

Northwich had a late effort disallowed.

Defender Norman asked to be placed on the transfer list this week and his request was granted. London club Barnet are thought to be showing an interest in the 23-year-old.

Blues leave for Portugal on May 20.
