☞ Conference leaders Darlington relinquished their unbeaten away record on Saturday, losing 1-0 at Farnborough Town. They were the last side from both the Conference and Football League to remain undefeated away from home.

Darlington's unbeaten run totalled seven matches - the best sequence of the season. They registered five victories and currently boast the best defensive record, having conceded only three goals in eight away games.

☞ Welling United recorded their first ever victory over League opposition when they defeated Fourth Division neighbours Gillingham 1-0 in last week's FA Cup replay. The victory came courtesy of a first half goal from defender Mark Hone. The club now complete a hat-trick of Conference representatives in the Second Round of the competition.

The tie attracted a crowd of 4,020 to Welling's Park View Road ground - a record attendance for the club. The match certainly captured the interest of United supporters with Welling having to turn down a further 1,500 ticket applications prior to the match.

☞ Yeovil Town have called in outside assistance to find a suitable name for their new stadium in Houndstone. Supporters of the club have been asked to tender their choice of title as they prepare to part company with The Huish - their home for the past 69 years. Yeovil expect to be installed at their £3 million, 8,000 capacity stadium during the summer.

☞ Wolves and England striker Steve Bull will mark his return from suspension in a testimonial match against Kidderminster Harriers on Monday, December 4. The Second Division club last week confirmed Bull's selection in the benefit match for former Harriers defender Archie Richards.
