

Soccer boss is given a boost

Martin O'Neill is handed the keys to his new car by John Dilley

FOOTBALL manager Martin O'Neill is moving into the fast lane thanks to this top-of-the-range Scorpio.

John Dilley from sponsors Browns Ford Centre handed over the £23,000 car on Saturday and said he hoped the garage's support would encourage Martin and Wycombe Wanderers to top honours.

"We hope to get very involved and help them through until they get league status," said Mr Dilley.

Wanderers' general manager Brian Lee said: "Obviously we are grateful for the continued support of people and companies. Browns are neighbours – we think we have got a high-profile manager and he's getting a high-profile car."

He admitted the club has parking difficulties at its new Adams Park ground – but Browns can rest assured Martin O'Neill has his place reserved.
