

With Graham Allner

Today we face our second consecutive home local derby with Telford United, our visitors. A particular welcome to Gerry Daley on his first visit to Aggborough as Telford boss having taken over during the Summer.

The Shropshire club like ourselves have undergone quite substantial changes in team personnel this season and have started well.

It was pleasing to quickly put the F.A. Cup disappointment behind us with two Conference victories in three days last week.

The performance against Wycombe was superb and although that was never matched in a relatively poor game against Cheltenham the result on Monday evening was initially important.

We had endured a very demanding fortnight with the three F.A. Cup Ties and difficult away trips to Slough and Wycombe. Given that it was probably too much to expect the lads to pick up where they had left off 48 hours earlier.
