

NON-LEAGUE SOCCER

Wycombe look to new signing Casey

By Ben Flndon

WYCOMBE have strengthened their drive for the GM Vauxhall Conference title by signing Kim Casey, 30, the former England non-League international, from Cheltenham for £9,000.

Martin O'Neill, the Wycombe manager, said: "He is a proven goalscorer and, at £9,000, will be an unbelievable bargain if he helps us win the title.

"His record at Kidderminster was impressive and, though he didn't do so well at Cheltenham, he will always get goals. It is up to us to rekindle his fire."

Cheltenham, second from

bottom, paid Kidderminster a club record £25,000 for Casey 18 months ago.

Ally Robertson, the Cheltenham manager, has reinvested £5,000 in Lincoln City midfielder Neil Smith.

Stan Allan, who took charge of Altrincham at the start of the season, has criticised three senior players for making transfer requests.

The players involved are defender Paul Rowlands, utility player Andy Reid and forward John Brady. Mr Allan said: "I don't intend to use them after this. I don't want players who have not got their hearts in the team."
