

Kerr keen to stay

PAUL Kerr is keen to stay in Blues' fold after scoring the only goal of Saturday's game against Blackpool.

The former Port Vale player's month-to-month contract was up for renewal on Wednesday. He remained uncertain at Tuesday's Auto Windscreen Shield defeat at Shrewsbury about his future at Wycombe.

"I would be keen to stay. But there are no guarantees that that is what will happen."

Kerr has been playing for Blues' reserves in the Capital League after arriving initially as a trialist six weeks ago. He left Port Vale in the close season after failing to agree on terms on a new contract.

Kerr has already had his present contract extended after suffering a back strain. Martin O'Neill is not convinced, however, of the 30-year-old midfielder/forward's fitness. "I have genuine worries about his fitness. He has a back problem which is a long-standing thing."

Youth team enjoy Cup upset at Luton's expense

WYCOMBE Wanderers' youth team have reached the FA Youth Cup third round for the third successive year after beating Luton Town 1-0 at Adams Park on Monday night.

A goal by Anthony Clark, the youth team's player of the month, sealed Blues' victory over their full-time Division One opponents. Clark scored twice in the previous round against Gillingham.

Luton, who beat Wycombe 5-0 in a South East Counties League game earlier this season, looked the better side during the first 20 minutes of Monday's game.

But Steve Walford's teenagers gradually worked their way into the match.

They dominated the second half with Clark scoring the only goal after 60 minutes.

The youth team drew 2-2 with Millwall before going down 5-0

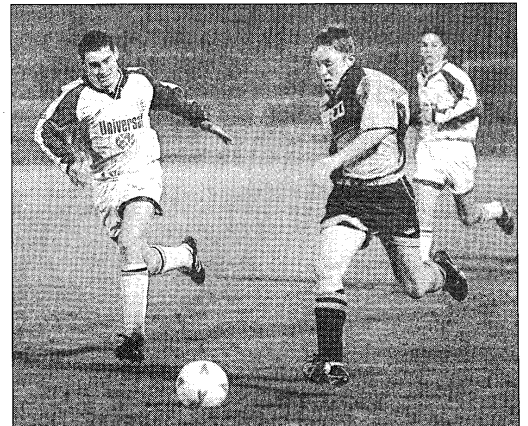

in a replay in last year's third round.

They went out to Brighton the previous year.

This season's cup success sees them bouncing back from an ongoing struggle in the league after stepping up from Allied Counties League level. Wycombe were beaten 6-2 at Bristol Rovers last Saturday. Clark and Steve Goodridge scored Blues' goals.

Wycombe travel to Crystal Palace in the league tomorrow.
