

FACT FILE

Brighton are in what can only be described as a pretty sorry state this season with their off-the-pitch problems reflecting the play on it.

The Seagulls problems can perhaps be summed up by the fact that in the last three seasons the only player they have brought to the club, who they have paid for, is forward Stuart Storer (£15,000).

Since Liam Brady's departure in November, Jimmy Case has struggled to pull the side out of the relegation zone.

To add to their problems the future of the Goldstone Ground, Brighton's home for the best part of 100 years, is now hanging in the balance with the club only likely to stay there for one more season.

KEY THREAT

With Brighton's leading striker Junior McDougald only managing eight goals so far this season, it would appear that Wycombe have very little to worry about.

Denny Mundee has the next best record of four, three of those have been penalties.

However, in recent weeks the side have begun to shore-up their defences, after several months of leaking goals in left, right and centre.

In their last five games they have lost only once, a 2-1 home defeat against Peterborough. They have managed wins at Brentford and Bradford, although tomorrow they will be without their captain Stuart Storer who has a groin strain.
