Generous football fans score with unit

FOOTBALL fans scored with Wycombe General Hospital when they presented the Special Care Baby Unit with a cheque for £639.66.

Nurses Angela Townsend and Anna Allen were delighted with the donation

from Wycombe Wanderers Independent Supporters Club.

The money was raised through a charity football match between the club and a team from the Pheasant pub in London Road. Players

paid to take part and collection boxes were passed around spectators.

The two teams also played a cricket match in August and Scott Clarke of the Pheasant pub raised money by running the Wycombe

Half Marathon.

Sharon Deighton, who helped with organising the events, said: "We hope that people will continue to support the SCBU as none of us know when we or our friends might need it."
