McGavin's back and juniors go joint top

STEVE McGavin played his first game for six months when he came through 45 minutes of the reserves game at Brighton on Wednesday night.

Blues lost 4-1 but the good news is that McGavin came through unscathed after his foot injury.

The 29-year-old said: "I'm just pleased to get through it. It was nice to be out there with the lads kicking a ball about. It's going to take me four or five games to get my fitness going because I have missed all pre-season."

McGavin wanted to play longer than 45 minutes but physio Dave Jones was having none of it and he

was pulled off at half time.

Dannie Bulman got the Blues goal for Gary Micklewhite's second string.

Meanwhile, Gary Goodchild's unbeaten youth team are joint top of the South East Counties League after three matches.

An injury and illness-hit side came back from 2-0 down and 3-2 down to draw 3-3 at Leyton Orient last week, with goals from Barry McCoy, Lee Johnson and Eddie Gray, while at the other end there was an excellent goalkeeping performance from Mark Osborn.

Goodchild said: "We were terrible in the first 20 minutes but we pulled it around. To be at the top is quite an

achievement and they're good enough to stay there if they keep working hard."

Getting to the top has been a real team effort. Goodchild has used 17 youth trainees and three schoolboys so far and he still hasn't used England youth international Daniel Senda, who scored four for Blues youths against Crystal Palace in pre-season and Peter Holsgrove in league action. Both are recovering from knee injuries.

But the juniors face a real test now. Because Molins pitch is not ready, their next three games, starting at Porstmouth tomorrow, will be away.
