

Great save by Sanchez

GOALKEEPER Martin Taylor has given manager Lawrie Sanchez an Easter boost by signing a new two-year contract with Wycombe Wanderers ahead of today's match at home to Notts County (ko 3.05pm) *writes Dave Peters.*

The 33-year-old glovesman has taken a pay cut to stay at Adams Park and his signature means that all of Lawrie Sanchez's first team squad are signed up for next season.

Taylor said: "I've taken a cut but it's not about money for me. I'm happy here at Wycombe and I was glad to stay. I never had any thoughts of leaving."

"Lawrie Sanchez has worked a major turnaround here and I think with one or two additions in the summer we've got the potential to finish in the top six next year."

Taylor kept his tenth second division clean sheet of the campaign in Saturday's 3-0 demolition of bitter rivals Colchester United at Adams Park.

His form since Christmas has been a major boost for the Blues

Martin Taylor

and put him among the favourites for the BFP/Delbeck Champagne Player of the Year award, which one of our lucky readers will be presenting before next Saturday's final home game of the season against Luton Town.

Sanchez is delighted Taylor, who was signed by John Gregory three years ago, is staying put.

In his three years at Wanderers, Taylor has kept 41 clean sheets.

Sanchez said: "I'm delighted Martin has signed the new contract. He's had a marvellous season and is probably one of the best goalkeepers in this division. It's great to know that he's pledged his future to Wycombe."

The boss can now spend his

summer looking around for players to strengthen his squad without having to worry about the goal-keeping situation.

Meanwhile, the BFP can reveal that Wanderers rejected the chance to buy former Blue Keith Scott back from Reading for a cut price £50,000.

Blues were offered the chance to take him back for a second time just before transfer deadline day but manager Lawrie Sanchez, who has wanted a targetman in the Scott mould ever since selling him to Reading for £250,000 last year, could not afford him because of the current spending freeze.
