

Unfortunately we have had another postponement, this time at Windsor & Eton in the Berks & Bucks Senior Cup. The real problem occurred when the match referee left it as late as 35 minutes prior to kick off before calling it off. It means yet another rearranged game which will be played at Windsor on Wednesday 31st January, kick off 7.30pm. Matches are beginning to pile up now so much so I hope we were able to play Millwall here on Wednesday. With the steady climb up the table I think we may have enough points to build on a serious challenge of not being bottom once again.

The match with Millwall last Wednesday gave the opportunity for us to use some of the players who had just returned from injury but had not seen too much active service. It meant Jamie Bates, Gerard Lavin and Sam Parkin would get a blow in this match, along with Nial Thompson and Stewart Castledine. Hopefully the game did go ahead and we did not suffer any injuries. Ironically for Gerard and Sam they would have faced a former club, Gerard was transferred to Millwall from Watford and he spent three seasons at the New Den. For Sam it will remind him of the months loan he spent at Millwall before coming to Adams Park.
