

You can all help make it another great season

After an incredible season Blues chairman Ivor Beeks sends a special message to the fans through the Bucks Free Press

WHETHER our supporters came to virtually every game this season or if other commitments limited their visits, I want to thank all of our fans, sponsors and partners for following Wycombe Wanderers this year.

To say it has been eventful would be an understatement!

Our injury-ravaged league campaign had started so promisingly. We had the magic of the FA Cup semi-final, when we filled Villa Park with blue quarters and then followed it with a short-lived relegation battle that saw us lose only one of our last eight games – which was play-off form. Our season had everything, except promotion.

As well as thanking everyone for their support, I also wanted to take this opportunity to let everyone know how committed the other directors and I are to getting Wanderers into Division One.

Our mission is to win promotion while creating, building and rewarding supporters and interest group loyalty by providing great entertainment and first class services and facilities.

So we're determined to turn our great FA Cup run this year into a promotion season next year.

I can now confirm that we'll be investing the extra money we got from our FA Cup run in new players, so that Lawrie can finish

building a team that will win promotion. The board has approved a record amount to spend on contracts and transfer fees for these new players – so whoever said the FA Cup has lost its value.

We now need all our fans help to make promotion a reality. The size and strength of our support makes a real difference to how the team plays – you've only got to look at the Cup run to see that, so we are asking everyone involved to help us win promotion.

We want everyone to get behind Lawrie and the team and buy a season ticket.

We've kept most prices stable to get more people into the ground, we're doing everything we can to build a winning team on the pitch and we're working hard to improve our communication and service standards off the pitch.

Now we need our fans to show that they share our commitment to the cause and I'm sure they do.

Season tickets start from an unbelievable £23 for under tens, £46 for under 16s, £65 for students, £103 for OAPs and as little as £176 for adults, so there's never been a better time to join the fun.

The coming season is going to be truly special.

The club want to make sure as many people as possible are part of it.

Ivor Beeks
