DARREN Currie is red-dy for a glorious FA Cup run with Wycombe Wanderers.

The ace winger dyed his hair ruby before Wanderers' tricky FA Cup tie at non-league Hayes last Friday and then produced a red hot performance to match his barnet as he bagged two goals in Blues' 4-3 win.

Now Currie, nephew of former Leeds, QPR and England great Tony Currie, says the style is staying as long as Wycombe remain in the cup competition.

He said: "It's got to stay now. I'll keep the style for as long as we're in the cup. I'm not growing

a beard like other people do, so I'll have to settle for red hair.

"I chose the colour because I'm nicknamed Ruby and I fancied a change of style.

"Hopefully it will be staying for some time because I'd love to be part of a long cup run. I wasn't here last year when the lads did it."

Ruby looked a cut above the rest as he produced a headline grabbing performance to cut the battling Conference side down to size.

He brought Wanderers back into the tie with a wonder-goal just as the game seemed to be

slipping away from them as Hayes' £80-per-week part-timers turned a 1-0 deficit into a 2-1 lead in five minutes.

There was nothing on when he moved the ball onto his favoured left foot and from 35-yards caressed the ball into the net for his first.

Then the former Barnet man was heavily involved as Wanderers took the lead playing in Stuart Roberts, who crossed for Andy Rammell, who gobbled up the chance.

Currie then topped off his wonder show with Wycombe's fourth cutting inside his man

before hammering the ball in off the keeper with a goal his famous uncle would have been proud of.

He said: "It's nice to keep the family name going and get a spectacular goal like he used to.

"I've said, for as long as I can remember, that to even be related to him is something to be proud of. He was a fantastic player.

"I used to be mascot at QPR when he played there and I'd go down as often as I could.

"As a kid I don't remember too much about him but I've watched videos of him and seen what a class player he was."
