

McCarthy missing for four weeks

WANDERERS are counting the cost of Tuesday's FA Cup cliffhanger against Fulham.

Skipper Paul McCarthy faces a month on the sidelines after his off-the-ball clash with Frenchman Louis Saha left him with medial ligament damage.

And top scorer Andy Rammell is also out. He aggravated his ankle injury against the Cottagers and will miss tomorrow's Nationwide League trip to Wrexham and Tuesday's cup replay at Fulham.

Sanchez said: "It's last season all over again and is just what we wanted to avoid.

"We've picked up injuries that we can ill-afford and we will now get to find out just how strong the squad is."

But the gaffer will resist the temptation to plug the holes with loan signing.

He said: "It will give people like Roger Johnson the chance to play."
