

Cawley takes stock

RESERVE boss Peter Cawley admitted it was time to go back to the drawing board after his side were stuffed 5-0 by QPR.

He said: "We don't seem to be any further on than a year ago. We should learn from our mistakes and put them right but we haven't."

But he refused to bawl out the players.

He said: "I point the finger at myself. I can blame them for that performance but it has happened too often. They played like that for a reason and I'm looking at myself as much as I'm looking at them to see what I can do to make it better."

He said only Martyn Lee and Luke Oliver emerged with any credit.
