

Simmo will lead from the front

MICHAEL Simpson will lead Wanderers into combat this season after fending off the challenge of 20-year-old Roger Johnson.

The Chairboys Player of The Year will continue to wear the skipper's armband despite boss Lawrie Sanchez saying last season that it would go to centre half Johnson.

Sanchez said: "Roger has shown he is a natural leader and I have no doubts that he will go on and captain this club.

"I have spent a lot of the summer thinking about it and I don't want Roger to have to worry about captaining the team as well as his own game.

"Simmo has done the job before. He has matured and everyone around the club respects his ability. He can perform consistently week in and week out."
