his debut. He rallied Wycombe to a 4-1 FA Cup drubbing of Swindon Town – the same team which had beaten Blues 2-0 in the league the week before.

Mr Adams did not pick the team for Saturday's game but fans reckon his

arrival at the club was the catalyst for its changing fortune.

Former mayor and season-ticket holder Nigel Vickery said: "It was one of the happiest days I can remember, walking out of the ground.

"Some players played better than I'd ever seen before," he added.

Now fans hope that Mr Adams' contacts will bring quality players to the club. Former teammate Gilles Grimandi, part of the Arsenal side which won league and FA Cup doubles in 1998 and 2002, has been named as a possible new arrival to the side.
