

Beeks' vision moves closer

Ivor Beeks

WANDERERS chairman Ivor Beeks' vision of a new Blues moved a step closer this week when the club's members gave a thumbs up to plans to change the constitution.

The vote was an informal and non-binding show of hands at the end of a consultation meeting, but if it is carried again at the club's EGM in July, the club will then launch a share issue with folios starting at £500.

The club hopes to raise £1.5 million but not all of that would be new money as around one third of it could come from existing loans being transferred into shares.
