

Lightning strikes twice for Wanderers

WYCOMBE Wanderers are reeling after being hit by floods for the second successive week.

The Blues suffered £30,000 of damage last week when storms wreaked havoc at their ground.

Offices and bars were left standing in water as parts of the ceiling in the main stand collapsed.

But no sooner had the club completed its mopping up operation when it happened again on Wednesday.

The Vere Suite had to be evacuated and an event in the boardroom had to be cancelled while the kitchens were also deemed out of bounds.
