

Danny Senda's the Blues to the top

DANNY Senda scored the goal which took Wycombe Wanderers to the top of the table for the first time in their history and then said it doesn't mean anything if the club doesn't stay up there.

He said: "It's nice to be top but the time to be there is at the end of the season."

The former England youth international's 25 yard thunderbolt capped a terrific fightback by the Blues as they came from behind to beat Southend United 2-1 at Roots Hall to go top of a division for the first time in their Football League history.

Senda struck after Nathan Tyson's 60th minute strike had cancelled out Mark Bentley's opener for the hosts.

But Senda and the rest of the table-topping outfit insists that the tables are meaningless at this stage of the campaign and said the important thing now is to stay among the top positions.

He said: "It is nice to be top but we're not really looking at the league tables at this stage.

"We don't have to be top the whole season to win it. I think we are capable of stay-

ing there or thereabouts."

Senda was part of the side that got relegated to the basement division last season and he says winning beats losing any time.

He said: "All the lads are excited and the club is buzzing at the moment. But we know we have got to keep it going. You don't get anything at this stage of the season. We've got to keep doing it and I think we can."

Wanderers' victory at Southend came after one of their least impressive performances and that's what made it so impressive.

They were knocked out of their stride by an uncompromising Southend side but even after going a goal down they stuck at their task and forced their way back into a winning position.

Senda said: "It was an average performance but we showed a hell of a lot of character to turn that around away from home. It was brilliant team spirit.

"We've learned a lot in a short space of time.

"It was very much like the Rochdale match which we lost 3-0, but this time we were able to turn it into a win.

"We know what we have got to do to win games now we must keep doing it."
