

Cancel your May holidays

Uhlenbeek says Wycombe are play-off bound

GUS Uhlenbeek celebrated his first goal for the Blues at a snowbound Mansfield and then told fans: "We're on our sleigh to Cardiff."

He warned supporters not to book their holidays in May and insisted the Blues are going all the way to the Millennium Stadium for the play-off final.

He said: "If anyone has booked their holiday they should cancel it because we are going all the way and I would hate any of our fans to miss out."

Uhlenbeek scored one and made one as Wanderers blitzed

DAVE PETERS

WANDERERS

Mansfield 4-1 to move to within one point of the play-offs.

The former Fulham and Ipswich star said: "We've got great character in the team and we are scoring goals now. This team has grown and grown with people like Steve Guppy and Steve Claridge coming in."

"We've got a great mix of youth and experience and even when we go down in games we keep coming back."

The in-form Blues have lost just one of their last nine

matches and Uhlenbeek is calling on them to keep their foot on the pedal when lowly Notts County roll up at Adams Park tomorrow.

He said: "We can't blow it now. We need to build on this performance and start performing at home."

Midweek two-goal ace Steve Claridge added: "We are starting to prove what a good side we are in this division. No-one is going to fancy playing us now. We are a good side when we get the ball down and play and, when we do that, there aren't many sides at this level who can stay with us."

Wanderers' win at Mansfield was achieved despite having 13-goal top scorer Nathan Tyson out injured with a tight hamstring and with midfield scrapper Joe Burnell also ruled out.

Tyson trained yesterday and could make a return to the side tomorrow but Burnell's hamstring strain will keep him out longer.

Boss John Gorman will delay naming his side but he knows this is a potential banana skin if his side are not on top of their game.

Despite having the best away

record in the league, Blues have only won five times at home while County have five away wins to their credit.

Gorman said: "We haven't always been that good at home but the Scunthorpe game under the floodlights here showed that we can do it."

"We've got to get that same sparkle and tempo in our play on a dull day. The confidence is good and we need to get that win."

"We know it is going to be a hard test. There are no easy games in this league."
