

Wanderers boss warns any potential suitors.....

You will need a fat wallet to get Tyson

WANDERERS boss John Gorman is confident he can keep hot-shot Nathan Tyson and his other stars at Adams Park as Transfer Deadline Day approaches on Thursday.

Blues have already turned down one bid from Championship-bound Luton for 18-goal Tyson and Gorman is desperate to keep him and young stars like Roger Johnson and Danny Senda at the club.

He said: "I don't want to sell anyone. If anyone comes in for Nathan, they are going to have to spend a lot of money."

Scouts from Premiership sides Tottenham, Manchester City and Southampton were all at Cambridge's Abbey Stadium on Saturday to see Blues' four-match winning away streak come to an end against the division's bottom club.

And the Premiership spies were joined in the stands by scouts from Championship quartet Ipswich, Watford, Derby County and Rotherham United.

Wanderers fans will be

WANDERERS

cheered by the fact that the players are away at a secret retreat in Spain this week keeping them out of reach of clubs until their return on Wednesday.

Meanwhile, Gorman, who signed 39-year-old former England star Rob Lee last Friday and recruited Crystal Palace's young keeper Lance Cronin on loan until the end of the season, says he is not expecting to sign anyone before the deadline.

Cronin, 19, has come up through Palace's youth ranks and has shared the reserve team keeper's position with Julian Speroni.

But Gorman may have to move if he wants to sign Aussie midfielder-cum-striker Adrian Caceres.

Caceres, who is playing for Aldershot on a non-contract basis, impressed for Blues during their behind-closed-doors friendly with Viking Stavanger last week but League Two rivals Boston are also showing an interest.
