

Cronin goes back to Palace

KEEPER Lance Cronin has gone back to Crystal Palace after just one game in a Wycombe shirt.

The on-loan glovesman made his debut in Blues' last game of the season against Bristol Rovers on Saturday and was beaten by a 12th minute goal from former Wanderers loanee Richard Walker as Blues went down 1-0.

Boss John Gorman says he will continue to monitor the shot stopper's progress but added that he was not prepared to offer him terms on what he has seen so far.

● Adrian Caceres also left the club this week without being offered terms.

Gorman signed the former Yeovil and Southampton striker in deadline week from Conference outfit Aldershot and he played a bit-part role in Blues end of season run-in before being given his first start for Blues against Rovers on Saturday.

But he failed to impress in a lightweight attack alongside Jonny Dixon and has now gone back to his native Australia for the summer without any promises from Wycombe.

Again Gorman will monitor him when he returns.

● Released youngster Kieron Gradwell is interesting Chesham United.

Gradwell who scored one of Wanderers' goals in their Berks and Bucks Cup Final win over Aylesbury, has played one trial match for the Southern Premier league side and Meadow boss Steve Bateman wants to have another look.

● Cardiff City are the latest club to show an interest in Wanderers top scorer Nathan Tyson. The Bluebirds are tracking him and Yeovil hitman Phil Jevons.

● Wanderers are holding a golf day at Magnolia Park on May 23 to raise money for the youth team's pre-season trip to Norway. It costs £200 per team to enter and anyone interested should call the club on 01494 472100.
