

GOAL HERO TYSON IS BACK

NATHAN Tyson announced his return to scoring form with a double which took Wanderers to within a whisker of a dramatic victory in Saturday's enthralling 2-2 draw at Oxford United's Kassam Stadium.

Despite all the pre-match hype centring on another Wanderers striker – Tommy Mooney – returning to his former club in a

Wycombe shirt for the first time,

Tyson took centre stage.

He struck twice in 15 second half minutes to take Wanderers to the brink of victory, only for Oxford to hit back and level through substitute Danny Morgan two minutes from time.

And while Blues boss John Gorman was disappointed to let two points slip from his grasp right at the end, he was delighted to see Tyson return to form as Wanderers maintained their unbeaten start to the season.

He said: "Nathan needs goals. He hasn't been having the best of times recently and it was getting him down that he hadn't scored in the first two games.

"But now he's scored he will be a different animal.

"He was running riot at the end. He was full of confidence and he could have had a hat-trick.

"Now he is off the mark I think we will see plenty more from him.

"His goals have been a great plus for us in the past and now he's up and running I am sure he will get more and be much more like his old self."

Tyson scored 22 times for Blues last season as he walked off with the club's Player of the Year crown.

He also attracted interest from Premiership big guns Manchester City as well as a bid from Championship new-boys Luton Town.

But he had struggled to regain that form in the first two matches and was hurrying at chances at Rochdale in midweek in his desperation to get off the mark.

Gorman said: "He had been snatching at chances but now he's got a couple of goals he will be flying."

He added: "After he scored, you could see his passing was better, he looked sharper all round.

"He wanted the ball and was causing them problems.

"He took his second goal magnificently and that confidence that will go through him now."
