

I AM BACK

JERMAINE Easter celebrated his recall to the Wales squad by scoring Wanderers' winner in Sunday's 1-0 victory over Brentford.

The 25-year-old was called into John Toshack's squad for tomorrow's Euro 2008 qualifier in Slovakia as a late replacement for Craig Bellamy.

He got the nod on Saturday and his weekend got better and better as he scored Blues' winner against the Bees 24 hours later.

He said: "It's been a good couple of days for me. It's great to be back in the Welsh squad and great to get the winner for Wycombe."

Easter had missed out on the last few Wales squads and he is determined to grab his chance again.

"It's a great opportunity and I will be doing all I can to make sure that I stay there this time.

WANDERERS

"Being in the Welsh squad means such a lot to me and it is a massive lift to be back in there.

"I've got three caps and it means everything to me to represent my country."

"It hurt to be left out of the last few squads but now I'm back and hopefully my luck is beginning to turn now.

"I've had a hard time recently with the collapse of my move to Plymouth and this is a great boost for me and hopefully the start of better times.

"I've had a lot going on in my mind. I was disappointed not to get the chance to play in the Championship but that's behind me now."

Boss Paul Lambert said: "It's brilliant news for Jermaine and for the club."
