

DON'T BLOW IT ALL NOW

Screamer: Leon Knight lets rip as he celebrates scoring in Saturday's win over Darlington

Picture by Anita Ross-Marshall

LEON Knight bicycle-kicked Blues back into the automatic promotion race with a stunning goal in Saturday's 2-0 win over third-placed Darlington and then said we mustn't blow it at home to bottom club Wrexham tonight.

His overhead kick, and Scott McGleish's late clincher, put Wycombe within eight points of an automatic promotion slot and they have got the chance to cut the gap further with the visit of the basement dwellers today.

Knight said: "We've got ten games to really push for it.

Wanderers v Wrexham 7.45pm tonight

That's not many left and there is very little margin for error.

"We've got to be consistent and if we play like we played against Darlington then we will be there."

But he cautioned: "Wrexham is a huge banana skin. It would be a major, major blow to beat Darlington and then blow up against Wrexham, we can't afford to do that if we want automatic promotion."

Boss Paul Lambert had his team in on Sunday to make sure they are focussed for tonight's game against the Red Dragons, who may be bottom but their recent form does not show it.

Sunday's 2-0 derby win at Chester extended their impressive run to just one defeat in their last nine outings and in that time they have scalped both Darlington and MK Dons.

Knight said: "This game is massive for both sides but we are going to be confident coming off the back of Saturday's win."

And Knight is more confident

than most after his overhead kick stunner on Saturday.

He said: "I was too small to go for it with my head so I knew I had to go for the overhead kick. I'm just pleased it came off, otherwise I'd have looked like a right idiot."

"It's probably the best goal I've ever scored but I'd settle for one off my backside tonight."

Blues have midfield problems tonight. Sergio Torres is out with an ankle injury and Matt Bloomfield is also a major doubt after being crocked late on during Saturday's game.
