

Tough start for Blues

WYCOMBE Wanderers have endured a difficult start to the new season with seven goals against in two games and no wins.

On Saturday Peter Taylor's team were beaten 3-2 at Charlton Athletic in their League One kick-off and they followed that up with a heavy 4-0 home reverse to Peterborough United in the Carling Cup on Tuesday night.

With Yorkshire giants Leeds United arriving in Wycombe on Saturday, the Blues are staring a morale-sapping start to the season in the face.

But Taylor is not concerned.

Chris Zebroski scored twice at The Valley and Wanderers' second half performance on Saturday, against a team that were in the Premiership just months before Taylor arrived at Adams Park, will give him reason to be encouraged.

And Tuesday's defeat was with a shadow

team against a Championship side boasting an attack more lethal than anything Blues can expect to face in League One.

Taylor said: "There are little areas where we can improve on it, but the confidence is fine. On the ball we've done some good things. We are creating more this year than we did last year, so that is a positive."

And the boss is expecting a fantastic atmosphere at Adams Park, with 2,000 Leeds fans travelling south.

He said: "I hope people really enjoyed the atmosphere on Saturday against Charlton. It was very different to last season. I think against Leeds it will very different again."

"There will be a tremendous atmosphere here. There is no doubt about that. I think the fans will enjoy it and hopefully they can come up with a nice bit of banter because I'm sure the Leeds fans will."
