

Be first to use new 2020 seat at Adams Park

Block J of Origin Family Stand now available to book.

Chairboys fans have the chance to be the first in the world to use the new 2020 seat, produced by Grand Stand Seating Systems Ltd in conjunction with Alderdale seating, after the installation was approved for use at Adams Park by the local authorities.

The **structure** has been fitted in Block J of the Origin Family Stand, with 60 elevated seats available to ensure that eye levels are the same regardless of whether they're sitting or standing, while there are also 15 seats available for ambulant disabled fans in rows A and B.

Fans are now able to book a seat in Block J for the forthcoming home games, beginning with the meeting with AFC Wimbledon on Saturday 22nd December, either by **buying online**, calling 01494 441118 or visiting the shop at Adams Park. These seats are available at the same price as a regular seat in the same stand, but please note there is a minimum height regulation of 1.3m for any child using the seats.
